Will Examine Charges Against Lewis' Mine Union

WASHINGTON, Oct. 9. (INS)—Rep. Hartley (R-N. J.), announced today that the house investigators will examine charges that John L. Lewis' mine union is denying jobs to "qualified miners."

The chairman of the house labor committee said a complaint has been filed against the United Mine Workers on behalf of some anthracite miners in northeastern Pennsylvania.

Hartley told newsmen that four miners, accompanied by counsel, visited his office recently and accused the UMW of preventing their employment because they formerly were members of the Progressive Mine Workers of America.

NINE STATES IN DEWEY'S SECOND CAMPAIGN TOUR

(Continued from Page One)

Minnesota, climaxed with a major address in St. Paul next Friday night. The governor will make seven speeches in Minnesota before going on a nation-wide broadcast in St. Paul.

His interest in the United Nations showdown over Berlin was evidenced in New York, where he conferred with Allen W. Dulles, one of his foreign policy advisers, on latest word from Paris. Dulles gave the governor a report on developments as relayed by his brother, John Foster Dulles, Dewey adviser and U.S. delegate to the U.N. General Assembly.

It was presumed to include word on the western Allies' rejection of a small-nation proposal for a three-months "cooling-off" truce in the Berlin blockade dispute.

To Tour Nine States
Dewey is expected to restate his foreign policy stand next week during his tour through nine states. This is a call for national unity and a promise of a friendly but firm handling of relations with Russia.

The White House candidate will hit Pennsylvania, Kentucky, Indiana, Illinois, Oklahoma, Missouri, Minnesota, Michigan, and New York on a trip beginning at midnight Sunday.

His first major address will be made in Pittsburgh Monday night, and is expected to be his first full-scale discussion of the labor issue.

Wurtemberg Man Dies From Wound

Frank Sari, Of R. D. 2, Ellwood, Found In Bedroom With Wound In Head

ELLWOOD CITY, Oct. 9.—Frank Sari, aged 55 years, of R. D. 2, Ellwood City, in the Wurtemberg district, was found dying in his bedroom, with a bullet wound in the head, Friday afternoon about 2 o'clock. He expired before he could be taken to a hospital. A .38 calibre pistol was found at his side, Coroner Charles E. Allen, stated. His death was termed a suicide by Coroner Allen.

Members of the family stated that he has been much depressed, particularly so since the return of his wife from the Jameson Memorial hospital, in New Castle, where she recently underwent a serious operation. They heard the shot, but were unable to effect an entrance into his bedroom for some time.

Police Chief Clark W. Ricer of Ellwood City, who was called to investigate the shooting, summoned the coroner.

REPORT TRUMAN MADE PLAN TO SEND VINSON TO TALK WITH STALIN

back to Washington to make a personal appeal to Mr. Truman to discard it. The Times-Herald story continued:

"In the face-to-face visit Marshall will reiterate his arguments that the sending of Vinson to Moscow would result in loss of face to the secretary of state."

Marshall was represented as also feeling that the move would harm the position of the United States in the United Nations.

News Leaks Out
News of the chief executive's plans leaked out when the White House requested free radio for a non-political address by the president.

Network officials asked why Mr. Truman needed the time. They were told of the president's plans to announce to the country that Chief Justice Vinson was to be sent to Moscow as a personal emissary of the president.

It then developed that while the networks were considering the request, the White House withdrew it. This was confirmed by the Columbia Broadcasting System.

Although Chief Justice Vinson has spent 35 years in public service he has no foreign policy experience. Sending the nation's highest jurist on a "mission to Moscow" would be unprecedented in U. S. history.

Another called for salary adjustments for teachers to meet the present living cost and bring teaching more into line with other professions. Still another called for more federal aid for secondary education without federal control.

No night session was held this year.

was good. Larry Newingham and Joseph Colalucci did the trumpet solos and did them well.

Lights went up, the band formed into a question mark and played that currently popular number, "Love Somebody." They didn't say who. Director Joe F. Repligie had his hand "up" for the occasion, which is the usual.

Har-Brack's band, under the direction of Anthony Doce, accompanied the football team. Prior to the game Mr. Doce led the combined bands in the "Star-Spangled Banner." Har-Brack then went into some formations with 30 majorettes in green doing a snappy job.

Somewhat the performances of the bands seemed to add a smidgen of heat to an otherwise cool, damp night.

He said that Britain is willing to try such discussion.

Then he turned dramatically toward Vishinsky and concluded: "Are you?"

Shawcross reiterated British objections to the Soviet plan for a one-third reduction in world armaments. He pointed out that the effectiveness of a small nation's forces in defense would be greatly diminished by such a cut.

He added that, on the other hand, cutting a large force by a third would not reduce the military potency of the remainder.

CHURCHILL WARNS U.S. NOT TO DESTROY BOMBS

In the trusteeship of the United States, there would be no means of stopping the subjugation of western Europe by communist machine-guns backed by Russian armies, and enforced by political police."

He said that "nothing stands between Europe and the complete subjugation to communist tyranny but the atomic bomb in American possession."

The United Nations general assembly, said Churchill, has been reduced to "a mere cockpit" in the face of what appears to be "a remorselessly approaching third world war."

FLIES BACK FROM PARIS TO CONFER WITH PRESIDENT

(Continued from Page One)

est actually centered on the Vinson maneuver.

The veil of silence around the White House and the State department on the Vinson reports was most unusual.

In the past the President has been quick to deny or confirm such a report.

Some Washington quarters said that the President decided upon the unprecedented move of sending the chief justice on the foreign mission without consulting Marshall.

Others said that the secretary, did know of the White House plan and had objected, along with other presidential advisers, which resulted in calling it off.

Franklin Faculty Luncheon Guests

In the first of a series of luncheons, eight members of the Ben Franklin Junior High faculty were guests of the home economics classes Thursday afternoon in the school's model apartment. A tastefully prepared meal was served on a candle lighted table under the supervision of Miss Howell, model apartment director.
New lighting fixtures and an electric stove have been added to the renovated apartment this year. These three rooms, furnished as much like a home as possible, simulate conditions for which the home economics girls are being trained.
A faculty luncheon for different teachers has been planned each week for the remainder of the semester.

**NONE ARE SO BLIND
MEXICO CITY—(INS)—**Police-
man No. 2386 has caused his superiors a lot of embarrassment. Policeman 2386, Jesus Hernandez Blanco, after brief training was sworn in. Recently another officer recognized No. 2386. He was wanted for murder. A circular with his name and picture was posted in police headquarters.

Safety lies in boiling all home-preserved food for not less than 15 minutes just before opening the jar and just before serving.

A Discussion Of The Inflationary Trend As Related To Lending Policies

For a number of months the officers and direc-
tors of THE FIRST FEDERAL have viewed with
considerable alarm the rapid increase in the
price of residential real estate, as reflected in
both existing and new construction.

Our officers and directors have an accumulation
of many years experience in evaluating and lend-
ing on homes in this community, and as we at-
tempt to analyze the present inflationary situa-
tion we cannot help but come to the conclusion
that history is again repeating and that our pre-
sent market is running parallel and exceeding the
boom period of the golden twenties. We were
told in those days that we had come into a new
era of plenty, prices would never recede and
times would always be good. Then came the
crash in 1929 and the depression of the 30's.

We attempt to watch the local real estate market
carefully, and our records reveal that for the last
five years prices on residential real estate have

been steadily marked up and up, until in many
instances properties have doubled and sometimes
trebled in price. Surely today's scarcity prices
do not represent long term housing values.

As these prices have continued to climb, our per-
centage of loan commitment to sale price has
dropped, and it has been necessary for prospec-
tive borrowers to supply larger down payments.

Both buyers and sellers have questioned, and
some have criticized, this conservative policy.
However, our officers and directors are of the
opinion that our obligation to our shareholders
to safely invest their funds demands that we fol-
low a conservative lending program.

We invite you to come in and discuss your home
loan problems with us. Although our policy is
conservative, each case is treated individually,
and we assure you that our approach will be,
"How can we safely be of service to you?"

Drive Slow—Children Move Fast.

THE WORLD AND THE MUD PUDDLES

(Continued from Page Four)

der why the pulpit has not assailed this injustice to the child.

Four-Year-Old Son

A mother writes of her child four: "Through a separation maintenance decree I have the custody, care, control and education of my little son. The father of the child is allowed by the court to take the child out every Tuesday evening for two hours, also every Friday evening until Sunday morning.

"My problem is this: The child is very obedient and affectionate toward me while he is under my guidance, but when he returns from the week-end visits with his father he is a changed boy. He turns away from me, gets tantrums, starts hitting and even spitting at me with additional hooting words. Judging by his actions, I know he is influenced by his father and other members of the family with whom he spends the week-ends. This has been going on for the past two years. My child's welfare is utmost in my mind and I would not want his health and future happiness injured in any way if I can prevent it." A good many thousand divorced mothers could write a letter like that.

Personal Feelings

Of course, while it is possible that this mother's concern is wholly over the child's welfare, it is humanly probable that her personal feelings are also at stake. Moreover, it is easy to see why the child may act differently toward his mother after being with the father and the father's relatives. I sincerely trust, as I wrote this mother, that she does not try in vengeance to poison the child's heart and mind against the father.

It would be still more intelligent and humane for both parents to have thought about the welfare of the child before they were conceived even before they were married. While one hardly could expect all married parents to stick together and strive to cultivate compatibility, if not happiness, even for the sake of the child, it would seem that many more couples than the number who do stay married and discipline themselves to be a fit spouse and parent might avoid divorce if they used more intelligence and effort and thought more about the welfare of the child or children. Let no married man or woman kid himself or herself. It takes effort by each of them to make a successful marriage.

BIBLE THOUGHT

Let us not love in word, neither in tongue; but in deed and in truth. And hereby we know that we are of the truth, and shall assure our hearts before Him.

Why Red Feather Is Used In Chest Campaign Here

Sidney L. Lockley, general chairman of the Community Chest campaign, which opens Wednesday, October 13, offered the following explanation to many questions asked: "Why is the Red Feather symbol used by Community Chests?"

For centuries, the Red Feather has been the symbol of good deeds. Worn in the scaplock, helmet or cap, it was a mark of distinction showing that the wearer had performed some commendable deed. The Black Prince decreed that each knight who performed an unusual act of valor or chivalry should wear a red plume in his helmet. Robin Hood's Merry Men wore red feathers in their caps to signify each good deed performed. The Magyars riding to do battle wore bright red feathers as a symbol of valor and courage. Indian tribes here in New England set a mark upon the most fearless and mighty braves with a great eagle's feather dyed red. The red feather has been adopted as the emblem for the nationally organized chests and council movement.

Thus, the red feather has become a familiar symbol to millions of volunteer workers, givers and beneficiaries coast to coast. It has become the banner around which all classes, races and religions can rally to provide in their own community the necessary services from which all mutually benefit. The loyalty of many volunteer workers and the generosity of volunteer givers testify to the fact that the Community Chest is deeply rooted in present-day American society.

Beginning next Wednesday, local citizens who have subscribed to the chest campaign will be entitled to wear a feather. Mr. Lockley stated 25,000 red feathers are on hand and every citizen should be proud to wear one.

Shumaker of New Wilmington have recent been classified for type under the program of the American Jersey Cattle club, as announced from its headquarters in Columbus, O. Fordyce Ely of Columbus, O., an official classifier for the cattle club, made the classification of these herds.

The two herds have a high rating. Mr. Ely found, and included several fine types. The breeders were commended for the active part they are taking in the Jersey breed improvement program.

Three Local Men Navy Enlistees

George S. Bezok, 1111 South Jefferson street, and Anthony A. Vansovich of Wampum successfully passed the navy physical examination at Pittsburgh and have been sworn into the navy for a three-year enlistment, according to Chief Machinist's Mate S. E. Bond of the local recruiting station.

Chief Bond also announced that Arnold Palumbo, 1917 Hamilton street, has enlisted for a one-year period. All three men have been transferred to Great Lakes naval training station for recruit training.

In a normal year, New York state produces more than \$1,500,000,000 worth of clothing, almost half the national output.

Completing Plans For Paper Drive

Eagles Auxiliary In Charge Of Drive Which Will Take Place In City On October 16

One week from today, October 16, has been set as the day for the annual collection of papers, magazines and cardboard, the proceeds of which will be turned over to the Margaret L. Henry children's home repair and replacement fund.

Mrs. Alvin Herberg, who is leading the Eagles auxiliary drive committees, announced today that more men and boys are needed to make the drive a successful one and also that the city may be covered in the shortest possible time. Plenty of trucks have been promised by Fred Clark, president of the motor truckers association.

The committee desires to stress it upon the citizens of the city who will be contributing to the paper drive with their magazines and newspapers, that securely tied bundles is an important factor so that valuable time will be saved by the workers. When the bundles come undone, they must be retied with the work slowed down considerably.

Men and boys who are to assist in the work are to report at the Conn Welding Shop on South Croton avenue extension at 12:45 p. m. on October 16 where they will receive instructions and be assigned to the trucks.

The results of the drive will be announced as soon as possible and the funds realized are to be used in buying a new stove for the kitchen of the Henry Home. The present stove has been in use for many years and is worn out.

Good Taste

IMPROVING THEIR SHOULDERS

"I have thin shoulders that are inclined to stoop, caused no doubt by my daily grind over a desk. Can you give me suggestions, please, for correcting this condition which seems to be getting worse?"

Answer: First of all, control your figure by sitting and standing properly. Poor posture becomes a habit and once the old slouchy slump sets in, it's difficult to eliminate. Whenever you are conscious of slumping whether seated or walking, straighten your back by raising your diaphragm and holding in your abdomen. This will naturally straighten your shoulders.

Any of the arm and shoulder exercises are excellent for correcting a poor posture and round shoulders—swimming, tennis, golf, walking with arms swinging. Here is a good home exercise for developing attractive back and shoulders:

Stand on toes with your two feet together. Then slowly slide the right foot diagonally back, as in dancing, until the point of the toe touches the floor behind the left foot. Swing both arms to the left and over your head. . . raise your head toward the left and look at your left arm, thus swinging the trunk of your body. Then swing your hands to the right, turning the trunk to that side. Repeat ten times, with a rhythmic movement. Breathe deeply during this exercise. Inhale when swinging arms to left; exhale when swinging them to the right.

Remember, exercise to be effective, must be done daily. Not once in a while when the spirit moves. It takes perseverance to have a good carriage.

Question: Which is correct—lunch or luncheon?
Answer: Either. Lunch is more general and therefore preferable.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers inclosing stamped, addressed envelopes.

South New Castle Boro Makes Notable Record

No jail, no policemen, no saloons, no cases before the burgess. Sounds like Little Utopia or a model village in behaviorism. Actually it's a part of Lawrence county, South New Castle Boro, the boro that borders New Castle to the south, just beyond "Sheep Hill."

Burgess C. R. Duckworth has been the chief executive of the boro of 1100 souls for eight years. In that time he has never had a violator before him, never had a man arrested and of course never put a man in jail. There isn't any jail anyway.

"Mighty Fine Lot"

"Our folks are not perfect of course," said Burgess Duckworth, "but they're a mighty fine lot. I don't believe in arresting a man except as a last resort and thus far we haven't reached that point."

"Oh, now and then there's a citizen does a little celebrating, maybe does a spot too much of elbow bending, but a little chat with him usually gets the matter straightened out. Why throw him in jail, even if we had a jail?"

From the record, the people of South New Castle Boro are against the sale of vinous and spirituous, beer and whiskey to you. In 1947 they voted dry and there is not a licensed saloon in the boro.

Constable Has Little To Do

Friends of Burgess Duckworth refer to the boro as the Duckworth Dynasty. C. R. Duckworth is the burgess, his wife is secretary of council, his brother-in-law, A. J. Collingwood is a member of the boro council and his daughter, Madeline, is a member of the school board.

As for policemen, they have a high constable out there, Rudolph Ketchell who was elected to the office but who if he had to depend

upon the office for a living would starve to death in a month. Mr. Ketchell is a machinist's helper on the Baltimore and Ohio Railroad. Burgess Duckworth is an engineer upon the B&O.

FROSTED CAKE LANDING

EL TORO, Calif.—(INS)—Ship's galleys aboard the carriers Tarawa and Valley Forge dished up big frosted cakes recently for two Marine pilots. The two aviators dropped their Corsair fighters on the wooden decks to bring landing totals on the two ships to 18,000 and 7,000 respectively.

MEDICAL RELIEF

BALTIMORE—(INS)—Under its program of free doctor's care for those on relief rolls, Baltimore anticipates serving 12,000 people this year, according to figures cited by the American Public Welfare Association. Benefits of the program include: surgery, dentistry, medicine and related services.

The Hawaiian Islands and New Zealand have lost a great portion of their native fauna.

Firemen's Funds In Lawrence Co. To Get \$14,298

Twenty-One Organizations In County Share In State Fund Distribution

Auditor General G. Harold Wagner has approved payment of \$14,298.84 to Firemen's Relief Fund associations in 21 political subdivisions in Lawrence county.

The payments represent the two per cent tax on the premiums of fire insurance policies written within the political subdivision in which the relief association is located, by companies whose main offices are outside the boundaries of the commonwealth. The money is forwarded to the treasurer of the municipality, who turns it over to the relief association of the fire company or fire department, paid or volunteer, serving that community, and which is duly recognized by the council, commissioners or supervisors, as the case may be, of the various cities, boroughs and townships.

Monies now being distributed in

Lawrence county represent the insurance tax collected in the year 1946.

The municipalities, and the amount each will receive are:

City of New Castle, \$9981.84.
Boroughs — Bessemer \$192.89
Elkport \$53.06, Ellwood City \$2,983.12, Enon Valley \$37.18, New Wilmington \$253.55, South New Castle \$104.09, Volant \$22.75, Wampum \$109.79.

Townships — Big Beaver \$39.07, Hickory \$64.45, Little Beaver \$11.77, Nehannock \$200.06, Perry \$84.13, Plaingrove \$16.64, Pulaski

\$74.04, Shenango \$361.90, Slippery Rock \$37.77, Taylor \$34.45, Washington \$13.83, Wilmington \$31.14

MORE SCOTCH

LONDON—(INS)—Some 90 Scottish distilleries will go all out to produce more whiskey in the coming year than they have since 1938. Distillers have received their licenses for the forthcoming allocation of barley, which, according to reliable sources, is estimated at five-sixths of the 1938-39 allocation.

Red Cross Plans To Aid Victims Of Rose Point Fire

* Mrs. Louise McConnell, executive secretary, American Red Cross announced today that the Red Cross would call for and deliver all household goods or children's clothing that New Castle residents contribute for the family of Mr.

and Mrs. Willard Moore whose home "was destroyed by fire at Rose Point Tuesday morning."

All household goods and clothing belonging to Buddy, 4, and Phyllis Jean Moore, 2, were destroyed by the flames. The Moores have moved into temporary residence at the home of Mrs. Moore's sister, Mrs. Charles Terpilowski, on Pennsylvania avenue, but plan to secure permanent living quarters as soon as possible.

Those desiring to make contributions should call the Red Cross office, telephone number 5084.

CHINA COMMUNISTS

NANKING—(INS)—The North Shensi radio said recently that the Chinese Communist party today claims control over 168 million people in an area that constitutes one-fourth of China's total territory. The Red radio said that the communists have jurisdiction over 24.5 per cent of China's total area.

Special delivery carriers are not on the classified civil service list. A person who was interested in securing such work would apply to his local postmaster.

HOW THE COMMUNITY CHEST GOT ITS START

Back in '37, the people of Denver called a meeting to ask, "Isn't there a better way for our charities to raise funds than by separate drives?"

Out of that meeting the Chest idea was born. Four men of God—two ministers, a priest, and a rabbi—were among its inspired leaders. Time has proved how far-sighted they were.

Our Community Chest substitutes order and economy for the chaos and waste of a flood of separate drives, ensures fair distribution of funds. And today as in '37 it unites citizens of all faiths in serving and giving for the good of the whole community.

Can you answer these questions about our Community Chest?

Q What are the Red Feather services?

A You'll find them listed at the bottom of this message.

community spirit and conscience really protect young people, strengthen family life, provide health and medical services, care for the helpless, handicapped and aged. Wouldn't you say so?

Q How much money do they need?

A \$109,000

Q How much should I give?

A That's strictly up to you. You might find the answer by asking yourself how much you'd give to each Red Feather service if they came to you separately. Add the answers and try to match the total. Remember—one pledge covers many Red Feather services. Because we have a well-managed Community Chest uniting many appeals, you are called on only once a year for all of them. So when you give, GIVE ENOUGH... enough for ALL Red Feather services... enough for a FULL year.

Q Who decides how much each Red Feather service gets?

A Our committee weighs the importance of each service to this community... and allocates the funds accordingly.

Q Do I have to pay my pledge all at once?

A No, indeed. You may pay at several periods during the year when it is most convenient. The Community Chest pledge plan enables you to give more than you can give now. Your word is as good as your bond.

Q How does "everybody benefits" from the Community Chest?

A It is estimated that two out of every five families in town use one or more Red Feather services during a given year. They are the direct beneficiaries. Actually, of course, every one of us benefits when we live in a town where

Don't send a boy—

IN PLENTY of households "boy-sized" equipment is expected to do a man's work. For instance, if you are constantly annoyed because some one else seems to have used up all the hot water every time you want to take a bath, then you are "sending a boy to do a man's work." Plenty of hot water, always available, is one of the most satisfying things a man can provide for his family, and modern heaters are designed to take care of all the family needs, all of the time.

Convenient, dependable, safe—your water supply is one of the most useful and least costly of modern domestic services. Are you taking full advantage of all the ways it can bring better living to you and your family?

HERE AND THERE IN SPORTS' LAND

BOBBY NEAL vs. Ted Bussery fight, held in The Arena, Wednesday night was all that a pugilistic fancier could desire. Neal wants to fight Frank Moran, according to his manager, Nat Moll. . . . The dove bag is, daily 10; possession one day's bag. The shooting hours are one-half hour before sunrise to sunset daily during October. November 1, 9 a. m. to one hour before sunset. Thereafter 7 a. m. to one hour before sunset. Johnny Lino, Seventh ward "miller" will be on the October 26 docket in The Arena, which will also contain Frankie Moran and Billy Pozza, according to a prevalent report. Since winning over Martin Doyle, Moran is looking forward to a Detroit or Windsor, Ont., bout. Of course, any future battles will be held in abeyance until his injured eye heals. It was swollen shut and cut so badly, it was feared in the latter part of the Doyle bout that the fight would have to be stopped. While Frankie missed considerably, he is accredited with having made one of his best fights.

Shamrocks To Meet Forest A.C. Sunday

One of the hottest contenders for sandlot football honors this year, the East Side Shamrocks face their sternest test of the year Sunday afternoon at 2:30 when they play host to the Forest A. C. at Washington field.

Coach Tim O'Flaherty has had his Shamrocks correcting mistakes made last week in the scoreless tie with the Mustangs. The Shamrocks will bank on their great line and the plunging of Elmer Marks for this encounter.

Forest A. C., under coach Pat DeMarco, will present a formidable lineup that boasts such former high school stars as Russ Currie, Jacobs and Call.

BAKSI AND CHARLES
BOUT ON DECEMBER 10
NEW YORK, Oct. 9.—(INS)—The Twentieth Century Sporting Club will stage the Joe Baksi-Ezzard Charles heavyweight fight at Madison Square Garden in December, probably on the 10th, instead of on Nov. 12 as originally scheduled.

JACK QUINN LOST TO PENN ELEVEN

PHILADELPHIA, Oct. 9.—(INS)—Penn's hopes for another undefeated season received a stiff jolt today when it was learned that tailback Jack Quinn will be out of the lineup indefinitely.

Quinn, one of the Red and Blue's best backs, suffered an achilles tendon injury against Dartmouth last Saturday.

His foot has been placed in a cast which won't be removed for at least two weeks. Quinn won't be able to do any running for another two weeks following removal of the cast.

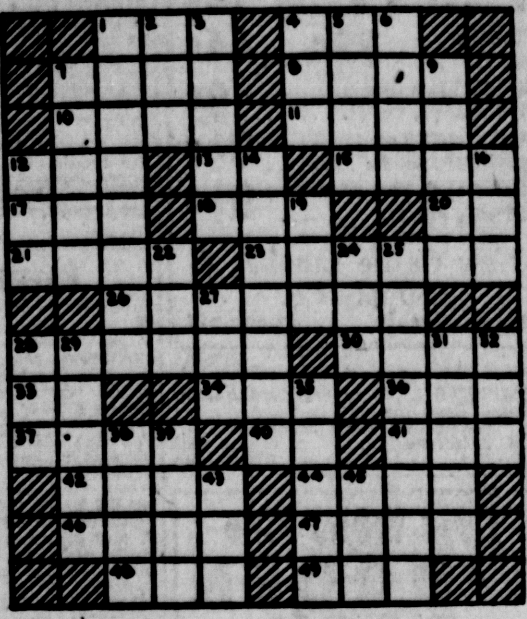

Alabama Troupes Duquesne 48 To 6

TUSCALOOSA, Ala., Oct. 9.—(INS)—Alabama's Crimson Tide surged over the Duquesne football team, 48 to 6, last night at Tuscaloosa.

The 'Bama eleven rolled up a 27-to-0 halftime lead with one touchdown in the opening quarter and three in the second. The Tide added another score in the third period and two more in the final stanza.

Steelers-Redskins

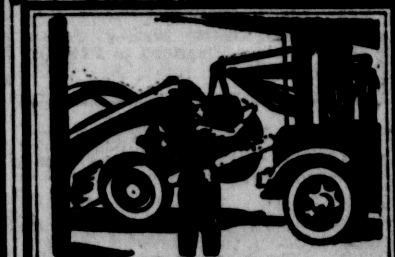

To Clash Sunday

PITTSBURGH, Oct. 9.—(INS)—The Pittsburgh Steelers, who fumbled away a chance to beat the Washington Redskins two weeks ago, get another chance at the National Professional league eastern division leaders at Pittsburgh Sunday.

In the nation's capital, the Steelers were out in front before two fumbles set up a touchdown and a field goal which gave Washington a 17 to 14 triumph.

The Redskins are favored, but a Steeler victory would pull Pittsburgh into a tie for first place.

Tokyo Rose Is Indicted On Treason Charge

SAN FRANCISCO, Oct. 9.—

(INS)—Tokyo Rose, the Los Ange-
les born Nisei who made propaga-
nda broadcasts from Japan to U. S.
troops in the Pacific during World
War II, was indicted on a treason
charge Friday by a federal grand
jury in San Francisco.

The 32-year-old woman, Mrs.
Iva Toguri D'Aquino, is accused in
the indictment of eight instances of
treasonable conduct dating
from March 1, 1944, until the clos-
ing weeks of the war.

In only one of the instances list-
ed, however, were any details giv-
en. In this case she is alleged to
have referred to American ship
losses in a broadcast in October,
1944.

In the other seven instances of
alleged treasonable conduct mere-
ly the date of preparation of her
radio script or the date of a broad-
cast are given.

Personal Income Reaches New High

WASHINGTON, Oct. 9.—(INS)—
The government reported today
that income in the United States
reached a new high annual rate of
\$215,000,000,000 during August.

The Commerce Department said
that the record figure compares
with the preceding high annual
rate of \$213,000,000,000 for July,
1948.

The department attributed the
climb in personal income to higher
wage rates and some expansion in
employment.

The largest wage and salary in-
creases occurred in manufacturing,
agriculture, trade and the federal
government.

WASHINGTON, Oct. 9.—(INS)—
The Census Bureau reported to-
day that the nation's total employ-
ment dropped about 1,000,000

workers in September but re-
mained above the 60,000,000 mark.
The bureau attributed the de-
cline in the labor force to the re-
